Sustainable and Digital Technologies for Graphic Arts in Higher Education (SusTechArt)

Tipo de proyecto: KA2 Cooperation Partnership

Fechas: 01/09/2026 31/08/2028

Coordinación: Universidad de Granada (España)

Socios:

Politecnico delle Arti di Beramo (Italia)
Sucola Internazionale di Grafica di Venezia (Italia)
University of the Arts Poznan (Polonia)
OnProjects S.L. (España)

Descripción:

SusTechArt aims to transform Graphic Arts higher education by embedding sustainable, non-toxic and digitally enabled production methods into teaching and workshop practice. It will (1) strengthen cooperation between HEIs, artists and stakeholders to test viable solutions; (2) convert evidence into an innovative curriculum and training materials; and (3) accelerate awareness and adoption of greener practices through open resources and European dissemination.
