UNIVERSIDAD DE GRANADA

Vicerrectorado de Internacionalización

Towards a European Master in Climate Change Adaptation of the Built Environment (ENACTIVE-DM)

Tipo de proyecto: KA2 Erasmus Mundus

Fechas: 01/10/2026 31/12/2027

Coordinación: COFAC Cooperativa de Formação e Animação Cultural (Portugal)

Socios:

Universidad de Granada (España)

Cofinanciado por la Unión Europea

Descripción:

The ENACTIVE-DM project aims to develop a European professional master's program in close collaboration with stakeholders. As a one-year joint master's degree with 60 ECTS over two semesters, it will train the next generation of engineers with a framework suitable for adapting the built environment to climate uncertainty.
