Basic information about the insurance for the academic year 2018/2019

In order to guarantee the fulfilment of the obligations stipulated in the University of Granada's International Mobility Regulations (articles 9.1.c and 25.2) and the rules established in the different mobility programmes it participates in, the University of Granada has taken out an insurance policy with the company ARAG. This insurance policy covers accidents, civil liability and travel assistance (including medical expenses). The medical cover complements the other benefits contained in the policy. Students must therefore also obtain a European Health Insurance Card (EHIC) in order to ensure their medical cover is adequate.
