IMPORTANT CHANGE: Incorporation of DEEp-Bridge into IPLA

After a careful review and consideration, it has been decided that DEEp-Bridge program will be incorporated into the IPLA from 2020 Fall enrollment in order to streamline the structure of TU exchange programs in the humanities/social science fields. If your students intended to apply for DEEp-Bridge, please advise them to make an application for IPLA instead. More information about this change is available [here](#).

If you have any inquiries about particular exchange programs, please email studyab@grp.tohoku.ac.jp with the name of the exchange program.
