

International Staff Week Technical University of Liberec Liberec, Czech Republic, 7–11 April 2014

Be our Guest

Dear colleagues and partners,
We are pleased to invite you to the first International Staff Week organized on 7–11 April 2014 at the Technical University of Liberec. The program is planned for teachers, International Relations Officers and administrators as an opportunity both for meeting up with Czech students, and for having discussions about your fields of work and about other kind of cooperation possibilities, in addition to networking with international colleagues and visiting our university and town.

Since it is essential to learn from and about the different ways services are organized in different institutions, participants are requested to make a short presentation on their home institution and its support services. So we are inviting you to give a brief presentation about your job and institution in a short workshop.

The International Staff Week provides a forum for exchanging ideas focused namely to the topics:

- High school education in own country
- Erasmus+ programme mobilities – possibilities, experience
- Double degree programmes for EU students and participation of students outside EU
- Organisation of teaching mobilities – possibilities, experience.

We would like to discuss study mobility possibilities and to present experiences in several areas of the Erasmus programme.

About us

The Technical University of Liberec (TUL) is a dynamic university of medium size that joins forms of technical and university education. Within six faculties and a university institute, it offers a large spectrum of acquisitions in technical, scientific, humanity as well as artistic and interdisciplinary study branches. We have well equipped laboratories and top quality teams of research workers for humanities.

Practical

There are no participation fees. Participants are expected to cover their own travel expenses through the Erasmus staff exchange programme or otherwise.

Accommodation

The accommodation and catering are provided by the organizer in the university hotel and canteen. If you would prefer a different way of catering or accommodation, we ask that you pay for them at your own expense.
