

Cooperation Partnership for Digital Higher Education in Integrated Omics for Environmental Sustainability (DigiOmics)

Tipo de proyecto: KA2 Cooperation Partnership

Fechas: 1-9-2023 31-8-2025

**Coordinación: Institute of Organic chemistry with Centre of
Phytochemistry - Bulgarian Academy of Sciences (Bulgaria)**

Socios:

Sofia University St. Kliment Ohridski (Bulgaria)

Intellect Foundation (Bulgaria)

Universidad de Granada (España)

Gazi University (Turquía)

Descripción:

DigiOmics project implementation answers the emerging need for the digital transformation of the HE with knowledge in integrated omics for environmental sustainability that fosters the circular transition to the 4.0 industry. The innovative multilingual blended content of academic courses for HE teachers and students that integrate omics knowledge with digital learning approaches supports HE interdisciplinarity and gives an in-depth insight into molecular changes and ecological outcomes relation.
