

raiSe libyAn Higher education heALth sector for the benefit of local society (SAHA)

Tipo de proyecto: KA2 Capacity Building

Fechas: 15/11/2020 14/11/2023 (prórroga hasta 14/05/2024)

Coordinación: University of Pavia (Italia)

Socios:

UNIMED - Mediterranean Universities Union (Italia)

Universidad de Granada (España)

University of West Bohemia (República Checa)

University of Tripoli (Libia)

Misurata University (Libia)

Sebha University (Libia)

Sirte University (Libia)

Zawia University (Libia)

Libyan International Medical University (Libia)

Descripción:

The SAHA project is intended to upgrade the quality of existing courses and enhance its relevance for the labour market and society by (1) introducing new courses on Health Economics and Healthcare management and creating centers for health data management in the Libyan HEIs; (2) setting up and managing academic centres for collecting medical data; and (3) by creating an advisory multi stakeholder committee for defining policy recommendations at for local, regional, national and international stakeholders and decision-makers. According these objectives the wider aims of the project is to reinforce education in response to today's main challenges of Libya (peace enforcing, healthcare access for Libyan civilian and military population; public health, employment and economic growth), especially within the field of healthcare services, which are the ones that employ the highest number of people and are able to produce, faster than by any other means, social equity, wealth redistribution and

the full exercise of a social right (the Health).

CAPACITY BUILDING: SAHA
