

UNIVERSIDAD DE GRANADA

Vicerrectorado de
Internacionalización

University Center for Neurodevelopment (NeuroDev)

Tipo de proyecto: KA2 Capacity Building

Fechas: 09-11-2024 08-11-2027

Coordinación: Universidad de Granada (España)

Socios:

Bethlehem University (Palestina)

University of Clermont Auvergne (Francia)

Hebron University (Palestina)

An-Najah National University (Palestina)

Descripción:

The objective of NeuroDev will be to create University Centers for Neurodevelopment (UNC) with three units: the practical training unit, the research unit and the community services unit. Providing specialized training with professional skills will facilitate the students' incorporation into the labour market, enhancing their research capabilities on child neuropsychology, and establishing links between the university and the social needs of the Palestinians citizens.
